⑫-B. The Yokohama Traditional Japanese boathouse (Yokohama Bay cruise: Futuristic night view and Japanese cuisine)

Kanagawa/Yokohama

The Experience

Board a traditional Japanese houseboat for a cruise around Yokohama Bay. The cruise takes you from the futuristic 「Minato Mirai Area」 to the nostalgic 「Red Brick Warehouse Area」, and on to the 「Osanbashi and Yamashita Park Area」 the site where Japan opened its doors to the world. Then ending near the 「Bay Bridge」 the gateway to Yokohama's waterfront.

Especially on evening cruises, you can enjoy spectacular night views on a grand scale. On board, you'll be served dishes representing the Japanese cuisine. Enjoy a special time in a private setting.

Unique Venue Selling Points

- ☆You can enjoy a lively dinner party without worrying about other guests.
- ☆You can savor authentic Japanese cuisine, such as sashimi and tempura.
- ☆The sashimi is served on a "boat-shaped platter," making for a great photo opportunity.
- ☆The all-you-can-drink package includes alcohol drinks, so there are no additional charges.
- ☆Since this is a bay cruise, the boat doesn't rock much, so you can relax and enjoy the ride.

Please note: Depending on weather conditions, the boat may experience significant rocking. Please bring your own motion sickness medication. This will not affect the operation of the boat. (Operational standards apply.)

⑮ Oyama Afuri Shrine Tour & “Osamedachi” Dedication Experience

Kanagawa / Isehara

The Experience

Climb Mt. Oyama, a mountain revered as a sacred site since ancient times. Following a pilgrimage style popular among travelers in the 17th century, this special program invites you to wear "**Gyoi**"—the traditional formal attire of ancient pilgrims—and carry a large wooden sword called a "**Tachi**" up the approach to dedicate it at the shrine. After a special worship service at the shrine and a cable car descent, you can enjoy a local lunch featuring Mt. Oyama's famous tofu dishes. After dedicating the Tachi, sweets await you at **Sekison**, a scenic cafe. This experience offers a unique pilgrimage distinct from ordinary shrine visits, resulting in a half-day special journey of about 4.5 hours including lunch, guided entirely by an Oyama Afuri Shrine priest within the sacred grounds.

Sales Points

17th-Century Cultural Heritage: Experience a pilgrimage culture that flourished in Japan during the 17th century.
Sacred Power Spot: Visit a mystical mountain revered as a spiritual sanctuary since the Jomon period.
Koma Sando Promenade: Enjoy interacting with friendly locals along the charming Koma Sando shopping street.
Breathtaking Scenery: Take in the stunning panoramic views of Sagami Bay from Afuri Shrine and Ishizun, which earned two stars in the Michelin Green Guide Japan.

②① Preparing Japanese Confectioneries with Professional Artisan

Kanagawa / All Areas

The Experience

Make wagashi (Japanese confectioneries) under the instruction of a wagashi artisan with many years of experience at a long-established traditional confectionery shop. The artisan will help you expand your knowledge of wagashi, after which you will create four types of confections yourself. Once you hear more about wagashi and understand this traditional Japanese confectionery, the artisan will demonstrate techniques for you so that you will also be able to create your own wagashi. Your artisan will show you how seasonal wagashi are created to help you experience each of Japan's four seasons.

Sales Points

- Receive instruction directly from a wagashi artisan and learn actual techniques professionals employ.
- While not simple to make, experience a special satisfaction when distinctive colors and patterns appear.
- Enjoy talking and interacting with the artisan as you savor the delicacies that you've prepared yourself.
- Gain a greater awareness of Japanese culture and the four seasons through wagashi.
- While prices vary, you may prepare a fruit daifuku (confection filled with fruit) using local specialties from Kanagawa Prefecture.

Please note that azuki beans, red beans, sugar, shiratama (glutinous rice) flour, and food coloring will be used, so anyone with allergies should refrain from participating.

The Experience

Enoshima Aquarium offers an outstanding panorama of Sagami Bay. Turn to the right to see Japan's most famous mountain, Mount Fuji, and to the left there is scenic Enoshima Island. The themes of "Sagami Bay and the Pacific Ocean" together with "Marine Life" inhabiting these bodies of water are woven together throughout this edutainment-style aquarium. Have fun as you learn about the sea and surrounding environment. This experience provides you the opportunity not only to enjoy magnificent scenery and unique exhibits, but also the chance to take a guided behind-the-scenes tour of the aquarium. This is a delightful adventure worth experiencing.

Sales Points

- Convenient location near Enoshima and Kamakura makes it easy to include in sightseeing routes.
 - Sagami Bay Zone, Jellyfish Fantasy Hall, and other exhibits are sought-after favorites. The jellyfish display is truly eye-catching and a great spot for a souvenir snapshot.
- ※Please note that no photos are allowed during the behind-the-scenes tour.

22 Yokohama Port Town: Mini-Cruise & Local Gourmet Evening (Dinner or Lunch)

Kanagawa/Yokohama

The Experience

This package experience combines a mini-cruise on the Sea Bass water bus, a popular way for nearly 40 years to get around and enjoy the sights of the legendary port town of Yokohama, and either lunch or dinner where you'll enjoy some of Yokohama's delicious local cuisine.

Sales Points

- Cruise aboard the Sea Bass from Yokohama Station East Exit to Yamashita Park and enjoy Minatomirai, Marine Tower, and other iconic views of Yokohama. (You may disembark along the way.)
- Once ashore, enjoy to your heart's content a local gourmet option such as authentic Chinese cuisine in Yokohama Chinatown which is one of the three largest and most famous Chinatowns in Japan, a meal at a long-standing Yokohama restaurant serving traditional cuisine, or a craft beer hall that is the pride of Yokohama—the birthplace of Japan's beer industry and home to many renowned craft breweries.

【Sea Bass Cruise】 Inclement weather may cancel the cruise portion.

23 Tour of Yokohama City Central Wholesale Market

Kanagawa/Yokohama

The Experience

Yokohama City Central Wholesale Market is the hub maintaining Japan's seafood culture. Established in 1931, it is the third-oldest market in Japan. Today, it primarily functions as a wholesale distribution point for restaurants, fish shops, and other establishments. This guided tour offers you the rare opportunity to see and learn more about restricted areas of this unique market, such as a minus 40-degree-Celsius tuna freezer and live fish tanks for storing fish at peak freshness.

Sales Points

This special experience gives you exclusive access to see the auction process up close as sellers and buyers compete for choice tuna and other seafood, as well as the inside of an ultra-low temperature refrigeration facility. You will also have the opportunity to purchase produce from wholesalers off-limits to the general public. Professionals will show you how to select the best seasonal fish and enjoy them!

② Authentic Chinatown Cuisine (Lunch/Dinner) & Magical Secret Bian Lian Show Kanagawa/Yokohama

The Experience

- Enjoy authentic Chinese cuisine at Futairo as you take in a traditional Bian Lian performance.
- Savor handmade dim sum and other delectable dishes crafted with the finest ingredients during a delightful lunch or dinner of authentic Chinese cuisine.
- Select your preference of seating option, accommodating small groups up to large banquets arranged in a table setting, private room, or even a spacious hall.

Sales Points

- Bian Lian, the Magical Art of Chinese "Face Changing," is a traditional performing art that originated in Sichuan Province over 300 years ago. Originally a production technique developed locally in Sichuan theaters, Bian Lian portrays a range of character and emotional transitions. The art form of instantaneously changing masks is truly split-second and the technique has always been a closely guarded secret.
- This singularly-unique Yokohama program is an opportunity to enjoy a rare live performance of Bian Lian and a delicious dining experience in Yokohama's Chinatown, one of Japan's three largest Chinese districts.

25 Yokohama geisha experience!

Kanagawa / All areas

Content Overview

Yokohama geisha are inheritors of the traditions of the entertainment world, Karyukai, that developed with the opening of the port of Yokohama, and they are the modern-day representatives of hospitality, including shamisen, dance, and ozashiki (Japanese banquet room) games.

It is active in diverse settings such as international conferences, cruise welcomes, and sightseeing experiences. As a "living cultural asset" that combines tradition and sophistication, it offers special moments for guests from Japan and abroad.

We will propose performance and experience programs tailored to your requests.

Selling points for foreign visitors to Japan

In addition to traditional performing arts such as shamisen and dance, Yokohama Geisha is flexible enough to accommodate Western music performances and international productions. With the unique history of the port town as a backdrop, a variety of hospitality services for foreign visitors to Japan are available. English language support is available, making it ideal for VIP hospitality and cultural experiences for cruise passengers and international conferences.

②⑥ Odawara Castle Ninja Experience
(Ninja Experience with English Guide at Odawara Castle Park)

Kanagawa／Odawara

The Experience

This special program immerses you in the world of the legendary “FUMA NINJA,” said to have made a name for themselves during the Sengoku period, set against the backdrop of Odawara Castle. The program consists of two parts. First, join an English-guided walking tour around Odawara Castle Park. While viewing the castle tower and stone walls, you will encounter the stories of the Samurai and Ninjas who once fought here. Along the way, at the SAMURAI Museum, you can view authentic armor and Japanese swords, explore the background of Japanese Bushido and Ninja culture. After that, it's finally time for the Ninja experience at the Castle Park. Under the careful guidance of a ninja master, you will experience techniques such as shuriken, blowguns, and swordsmanship once used by real Ninjas.

Sales Points

- In the “Ninja Experience,” participants dress in Ninja costumes and take on activities incorporating team-building elements using Swords, Blowguns, and Shuriken.
- This unique content deepens participants' understanding of Japanese history and culture, combining learning with hands-on experience to create a memorable experience.

The Experience

Originally built in Kyoto in the early Edo period as a villa for Prince Ichijo Ekkan, this residence was later relocated to Kamakura along with its Karesansui (dry landscape) garden. It is now designated as an Important Cultural Property of Japan. Comparable to Kyoto's Katsura and Shugakuin Imperial Villas, the building reflects the refined culture of the imperial court. Beneath its rustic exterior, finely crafted details, natural materials and modern cedar-door paintings reveal an elegant and sophisticated Imperial aesthetic.

Unique Venue Selling Points

Surrounding the villa are modern Sukiya-style buildings and a strolling Japanese garden featuring moss, stone arrangements, and seasonal trees such as maples and pines—offering one of Kamakura's finest settings to experience the beauty of Japan's four seasons. An optional tea ceremony experience, enjoyed to the sounds of a flowing stream and birdsong, is especially popular during the peak tourist seasons.

The Experience

The first 50-minute Koicha (thick tea) session focuses on Wabi, the Japanese appreciation of simplicity and subtle richness. In an intimate Koma tea room, guests drink Koicha prepared by a tea master, experiencing traditional culture and the spirit of Japan. The following 50-minute Usucha (thin tea) session is hands-on: participants whisk, prepare, and enjoy their own tea under the master's guidance, learning basic techniques and etiquette. Personalized instruction offers a deep insight into the true Japanese tea ceremony.

Unique Venue Selling Points

The Japanese, who place great value on the spirit of hospitality, have cultivated the culture of Chanoyu (tea ceremony) over many years. Following the garden path to the tea room and savoring a cup of tea, you will experience true Japanese culture, which honors harmony above all. We warmly invite you to participate.

④— (A) Private Recital: Ogie-bushi Shamisen Performance
(National Important Intangible Cultural Property)

Kanagawa / All Areas

The Experience

Ogie-bushi is a traditional shamisen music style designated as a **National Important Intangible Cultural Property**.

Passed down for over 250 years since the Edo period, this delicate and lyrical shamisen music holds exceptional artistic value in Japanese performing arts history. This exclusive program offers a private recital of this rare cultural treasure at a venue of your choice.

The experience features a 10-minute introduction to Ogie-bushi, followed by a 20-minute private performance. A hands-on shamisen trial is also available for a few guests upon request. This is an extraordinarily rare private recital that even most Japanese people seldom have the opportunity to experience.

Sales Points

National Cultural Treasure: Enjoy a private recital featuring the delicate sounds of a National Important Intangible Cultural Property.

Authentic Experience: Move beyond standard reception entertainment to truly connect with authentic, high-level Japanese culture.

The Aesthetics of Subtraction: Experience the profound Japanese spiritual worldview—an art form distilled down to its purest essence rather than a flashy spectacle.

Note: Guests are kindly requested to maintain quietness during the performance.

About Ogie-bushi

Ogie-bushi is a traditional shamisen music style designated as a National Important Intangible Cultural Property.

Ogie-bushi: Delicate Melodies Expressing the "Heart of Japan" Across Time

"Ogie-bushi is not merely heard with the ears—it is felt with the heart and the atmosphere."

Performance on the Kabuki-za Stage

Ogie-bushi Cultural Experience Booth in Hawaii

Ogie-bushi: The Art of Stillness & Minimalism

— Listening to 250 Years of Edo "Iki" (Refined Sophistication) —

Ogie-bushi is one of the world's most delicate musical genres. Originating in 18th-century Edo and designated as a **National Important Intangible Cultural Property**, it strips away ostentation to reveal the beauty of restraint. Welcome to the world of the **"Aesthetics of Subtraction."**

Key Aspects of Ogie-bushi

1. Private Sounds Away from the Bustle of the Theater

The history of Ogie-bushi began when star performers moved away from the bustling stages of Kabuki theaters—where thousands gathered—to perform in intimate "Ozashiki" (private tatami rooms). The close proximity of just a few meters between artist and audience gave birth to a unique style, allowing listeners to catch whispering, delicate vocals and the finest vibrations of every single note.

2. "Ma" (Negative Space): The Beauty Resting in Moments of Silence

If Western music is a culture of "addition" (layering sounds), Ogie-bushi is a culture of "subtraction" (distilling sounds).

Ultimate Minimalism: Notes are reduced to the absolute minimum, placing high value on the lingering resonance (*yogon*). When combined with the refined nobility favored by the samurai class, it formed Ogie-bushi's uniquely elegant worldview.

The Aesthetics of Silence: The empty space between notes—"Ma"—is the true essence of Ogie-bushi. This silence shares a meditative depth with Zen and the Way of Tea (*Chado*).

3. Intellectual Socializing Loved by Cultural Elites

Far from mere entertainment, Ogie-bushi was cherished as a refined cultural pursuit by Japan's leading literary figures and artists. Master creators such as novelist **Soseki Natsume** and painter **Ikuo Hirayama** polished their sensibilities through this music. It was, in essence, the "common language of creators" of that era.

4. Experiencing the "Heart of Japan" in Kamakura: Preserving & Passing Down Tradition

Today, this tradition is preserved through performances at Kabuki-za, the National Theatre, and international venues by masters such as **Ogie Jushin**. At the historic Kamakura practice studio, visitors can participate in workshops to touch the shamisen and experience this unique sense of "Ma" firsthand.

**④1— (B) Japanese Cultural Experience Workshop:
Ogie-bushi Shamisen (National Important Intangible Cultural Property)**

Kanagawa / All Areas

The Experience

Ogie-bushi is a traditional shamisen music style designated as a National Important Intangible Cultural Property.

Passed down for over 250 years since the Edo period, this delicate and lyrical shamisen music holds exceptional artistic value in Japanese performing arts history. Experience this invaluable cultural treasure firsthand through an interactive workshop program.

Starting with an introduction and explanation of Ogie-bushi followed by a recital, participants will then have the hands-on opportunity to touch, play the shamisen, and take memorable photos.

Sales Points

National Cultural Treasure: Enjoy a private recital featuring the delicate sounds of a National Important Intangible Cultural Property.

Authentic Experience: Move beyond standard reception entertainment to truly connect with authentic Japanese culture.

The Aesthetics of Subtraction: Experience the profound Japanese spiritual worldview—an art form distilled down to its purest essence rather than a flashy spectacle.

Master-Led Workshop: A rare and valuable program directly hosted by Ogie Jushin, an official successor of the Ogie-bushi tradition.

About Ogie-bushi

Ogie-bushi is a traditional shamisen music style designated as a National Important Intangible Cultural Property.

Ogie-bushi: Delicate Melodies Expressing the "Heart of Japan" Across Time

"Ogie-bushi is not merely heard with the ears—it is felt with the heart and the atmosphere."

Ogie-bushi: The Art of Stillness & Minimalism

— Listening to 250 Years of Edo "Iki" (Refined Sophistication) —

Ogie-bushi is one of the world's most delicate musical genres. Originating in 18th-century Edo and designated as a **National Important Intangible Cultural Property**, it strips away ostentation to reveal the beauty of restraint. Welcome to the world of the **"Aesthetics of Subtraction."**

Key Aspects of Ogie-bushi

1. Private Sounds Away from the Bustle of the Theater

The history of Ogie-bushi began when star performers moved away from the bustling stages of Kabuki theaters—where thousands gathered—to perform in intimate "Ozashiki" (private tatami rooms). The close proximity of just a few meters between artist and audience gave birth to a unique style, allowing listeners to catch whispering, delicate vocals and the finest vibrations of every single note.

2. "Ma" (Negative Space): The Beauty Resting in Moments of Silence

If Western music is a culture of "addition" (layering sounds), Ogie-bushi is a culture of "subtraction" (distilling sounds).

Ultimate Minimalism: Notes are reduced to the absolute minimum, placing high value on the lingering resonance (*yogon*). When combined with the refined nobility favored by the samurai class, it formed Ogie-bushi's uniquely elegant worldview.

The Aesthetics of Silence: The empty space between notes—"Ma"—is the true essence of Ogie-bushi. This silence shares a meditative depth with Zen and the Way of Tea (*Chado*).

3. Intellectual Socializing Loved by Cultural Elites

Far from mere entertainment, Ogie-bushi was cherished as a refined cultural pursuit by Japan's leading literary figures and artists. Master creators such as novelist **Soseki Natsume** and painter **Ikuo Hirayama** polished their sensibilities through this music. It was, in essence, the "common language of creators" of that era.

4. Experiencing the "Heart of Japan" in Kamakura: Preserving & Passing Down Tradition

④Kencho-ji, the First of Kamakura's Five Great Zen Temples "Zen & Kenchin Program" ~Eat Zen Experience~
Zen Experience and Special Temple Visit Program Through Kenchin Soup, Born in a Zen Temple

Kanagawa/Kamakura Area

This mindfulness and gastronomy program draws on the Zen culture of Kencho-ji, a historic temple ranked first among Kamakura's Five Great Zen Temples, and Kenchin soup, a traditional dish that originated at the temple. Rather than simply "experiencing" Zen through food, the program invites participants to savor and understand the spirit of Zen.

The Experience

Founded in 1253, Kencho-ji is **Japan's first authentic Zen training monastery** and serves as the head temple of the Rinzai sect's Kencho-ji branch, ranking first among the Kamakura Gozan (Five Great Zen Temples of Kamakura). Even today, as a place of ascetic training where the Zen spirit is passed down, it is not merely a historical site, but a living sanctuary where Zen culture continues to thrive. Combining a guided tour of the grounds by a Kencho-ji monk and a Zazen meditation session, this rare experience follows the theme of "Learning and Savoring Zen." Through eating "Kenchin soup", participants can taste, learn about, and experience both the spirit and culture of Zen. As Japan's first authentic Zen training monastery, Kencho-ji offers a truly rare program that seamlessly combines a Zen experience, original Kenchin soup, and a special temple visit.

※"Kenchin soup" is a traditional Buddhist vegetarian (shojin ryori) dish said to have originated at Kencho-ji, and this vegetable-based culinary culture has been widely passed down throughout Japan to this day. In recent years, interest in Sustainable Food and Mindful Eating has been growing worldwide. The opportunity to experience shojin ryori (Buddhist vegetarian cuisine)—the very root of these concepts—at its birthplace, Kencho-ji, is a truly unique draw exclusive to "Kanagawa".

Sales Points

Experience viewing historic architecture alongside mindfulness and gastronomy programs at Kencho-ji, the top-ranked of Kamakura's Five Great Zen Temples and considered the birthplace of Zen in Japan. Rather than a typical sightseeing and dining tour of Kamakura, this offer allows you to experience authentic local culture unique to the area, featuring regional food stories and deeply enriching spiritual experiences. Furthermore, set in the serene and dignified atmosphere of Kita-Kamakura and Kencho-ji Temple, this experience offers the quiet spirituality and authentic essence of Kamakura away from the crowded tourist hotspots.

[Kencho-ji Temple: Special Visit Program Overview]

Experience a unique mindful and gastronomic program at Kencho-ji Temple, the first-ranked of Kamakura's Five Great Zen Temples and widely regarded as the birthplace of Zen in Japan. More than just a standard sightseeing tour or meal, this program offers an authentic cultural experience unique to Kamakura—combining the rich narrative behind the local culinary heritage with a deeply fulfilling spiritual journey.

Kencho-ji Temple is the first-ranked of Kamakura's Five Great Zen Temples and the head temple of the Rinza sect's Kencho-ji branch. The temple grounds are designated as a National Historic Site.

At the Hojo (Ryuoden Hall)

Special Zen Meditation Experience

Zazen is said to mean sitting quietly in deep reflection—the practice undertaken to reach the state of enlightenment achieved by Shakyamuni Buddha.. To put it simply, it means finding the pure heart and true self that each of us naturally possesses.

1 Sanmon Gate (Important Cultural Property of Japan)

Greeting at Somon Gate.
Guided Temple Tour Begins with a Monk.

2 Temple Bell (National Treasure)

Boasting the largest scale in eastern Japan, it is an important structure that represents the culmination of Kencho-ji's early modern temple complex reconstruction. The lower level's open-air structure conveys a sense of openness, paired with a bold, powerful design.

3 Hatto (Dharma Hall) (National Important Cultural Property)

Special Buddhist Sermon

In the past, the entire Kencho-ji temple served as a training monastery, where all the monks would gather in this Dharma Hall (Hatto) to listen to the head priest's sermon. It is also said to be the largest Dharma Hall in the Kanto region.

4 Hojo (Ryuoden Hall)

Behind the Dharma Hall stands the Karamon Gate, and beyond it lies the Hojo, also known as the Ryuoden Hall. Behind the Hojo lies a garden featuring a pond shaped like the kanji character for "heart" (心), which is why it is called Shinji-ike (Heart-shaped Pond).

Special Viewing to Mount Sanmon Gate: Additional Admission Fee Required

Access to the upper level of the Sanmon Gate is normally closed to the public. Entry is strictly prohibited under standard visits and is only accessible during "Special Viewings."

Enshrined on the upper story (the top of the gate) are statues of Shakyamuni Buddha, the Sixteen Arhats, and the Five Hundred Arhats (enlightened practitioners). Visitors ascending the gate can pay their respects to these figures.

Used as a special dining room

5 Okyuro (1st Floor) or Tokugetsurou (2nd Floor)

"Tokugetsu" means to fully enjoy the view and ambiance of the moon, and it refers to a highly precious, spacious hall that can also be used for banquets.

A special culinary experience featuring Kenchin soup — a dish originating from Kencho-ji, born from the spirit of sustainability.

The name "Kenchin soup" is said to have derived from "Kencho soup," a dish created by Rankei Doryu, the founding abbot of Kencho-ji, to avoid wasting vegetable skins and scraps (though theories vary). It is a true pioneer of sustainable food.

It is a meal that can also be served as a vegan option.

Lunch arrangement is also available.

Lunch can be separately arranged upon request (budget flexible).

④Sake Tasting Program by the Long-Established Brewery “Koganei Shuzo” (On-Site Dispatch Type) ~ Hosted and Guided by a Kimono-Clad Miss SAKE ~

Kanagawa / All Areas

The Experience

Koganei Shuzo's "Morimasu" sake has won gold awards in 3 categories at the "The Fine Sake Awards Japan 2026," first place gold at "Sake Competition 2025," and gold awards for 5 consecutive years at the "Annual Sake Awards"! This is a tasting program featuring sake that has earned numerous prestigious accolades.

This is a sake tasting program in which **Koganei Shuzo**, a brewery with over 200 years of history in Kanagawa Prefecture, travels to a venue of your choice to conduct the tasting.

Koganei Shuzo uses high-quality underground water from the Tanzawa mountain range as its brewing water, continuing a tradition of sake-making that draws on the rich nature and climate of Kanagawa. In this program, participants can experience the profound appeal of sake—even sake brewed at the same brewery can vary greatly in aroma, flavor, and taste, depending on the rice used, the rice polishing ratio, the yeast, the brewing method, and the aging period—through tasting and comparing multiple varieties. **A sake expert from the brewery** will explain the history of sake, the brewing process, and the characteristics of each variety in an easy-to-understand way, engaging in dialogue with participants throughout. This is an experiential program combining learning and interaction, **offering a taste of the local sake culture nurtured by Kanagawa's natural climate while savoring fine sake from this venerable, long-established brewery representing Kanagawa Prefecture** (An English interpreter -one "Miss SAKE" titleholder- will guide the session.)

Sales Points

As a program that allows participants to experience Japan's unique food culture, as well as Kanagawa's sake culture and regional charm, without having to visit the brewery itself, it can be utilized across a variety of MICE settings, including international conference receptions, corporate incentive trips, and VIP hospitality events. **In addition, a kimono-clad Miss SAKE with expert knowledge of sake will provide interpretation and introductions, making**
